

CHAIRKIT
PRERIDE TO PERFORMANCE

The only kit
your chair
needs.

Tube Conveyor

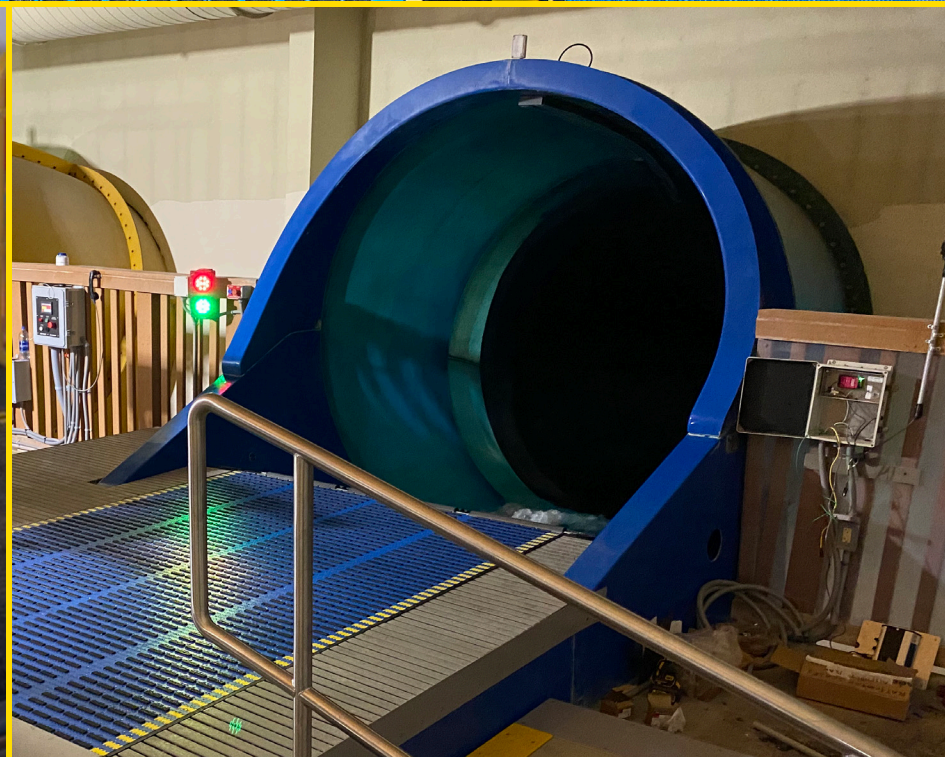

The CHAIRKIT „Tube Conveyor“ seamlessly transports empty tubes back to the top! Saves riders the hassles and challenges of carrying heavy and awkwardly large tubes to the top. Keeps the fun in tubing.

Features include:

- Straight-forward integration into new & existing slides
- Modular design for minimized space requirements
- Accommodates both concave and convex curves
- Able to transport all common tube sizes
- Can achieve grades up to 90°
- Can reach heights up to 40m (130-ft)
- Available in Powder Coated Stainless or Galvanized steel.
- For indoor and outdoor applications
